## **Gameplay:**

- On your turn you will play a card from your hand and then resolve its effects. Attack cards are played targeting another player while recovery cards target the person who played it.
- Draw up to your starting hand size at the end of our turn
- If you have no sleep counters left
  - A. You can no longer win the game, sorry.
  - B. You are still in but can only play “attack” cards.

## **End Game/ How to Win:**

- Winner is the last player with any sleep token left prior to coming across the “Alarm Card”.
- If the “Alarm Card” is drawn, the player with the most remaining sleep counters is the winner.
  - In case of a tie – play again.
